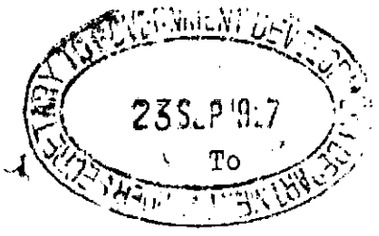
From

R.D.Richmond Esq., I.F.S.,

Ag. Chief Conservator of Forests,

Madras.



The Secretary to Government,

Development Department.

Sir,

Subject:- Establishment-Foresters-South Mangalore Division-Retention-Part II Scheme for 1928-29. (A)

--- pp 1-2 of G.O. 1006 6.7.27

In this office Ref.No.2722/B2-27 dated 11-4-27 proposals were submitted for the employment of four additional foresters for the South Mangalore division (A) In G.O.No.1006 Mis.dated 6-7-27 the Government sanctioned two temporary foresters up to 31-3-28 and directed that proposals should be submitted as a Part II scheme for 1928-29 if the two foresters were permanently required

p 29 of (A)

2. Reference is invited to para 3 of this office U.O.Note in reply to Government U.O.Reference No.1308-I/27-1 dated 2-6-26 wherein it was suggested that two foresters might be sanctioned with immediate effect and the third from 1-4-28 if the Aletti scheme was to be undertaken. It has since been decided that working in Aletti should be undertaken and proposals are being separately submitted to Government as a Part II Scheme for ~~1928~~ 1928-29. On this account three additional foresters will be required from 1-4-28.

pp 21-27 (A)

3. The requirements of the division in the matter of foresters have been set forth in detail, in the District Forest Officer's letter submitted to Government with this office Ref. No.2722-B2-27 dated 11-4-27. The existing distribution and the duties on which the proposed staff of foresters will be employed are given in the statement enclosed. It is naturally difficult to justify as a "Scheme" posts which are permanently required t

pp 3-13 (A)
pp 1-2 (A)

to fortify the permanent establishment of the division and for duties which are not special to any particular development.

4. The duties enumerated in the statement are such as to require the services of the foresters continuously and it is recommended that Government may be pleased to sanction the appointment of three additional foresters (one in each of the three lowest grades) on the permanent scale. The extra cost on account of the proposal will be Rs.1260 per annum as shown in the margin.

	Rs.
1 Forester on Rs.40 for 12 months ..	480
1 Forester on Rs.35 for 12 months	420
1 Forester on Rs.30/ for 12 months	360
Rs.	1260

C.No1 2828 I

Establishment - Foresters-South Mangalore Division - Part II Scheme for 1928-29.

C.f. Letter from the C.C.F. No.7593-B2/27-1, dated 22-9-27

U.S.

Please see the C.C's letter in the c.f.

2. In April 1927 the C.C. (Mr.Tireman) submitted proposals for the employment of four additi foresters for the South Mangalore division. In that connection he forwarded a letter from the D.F.O. Sout Mangalore in which the requirements of the division in the matter of foresters have been dealt with in detail. These proposals were examined in the notes on pages 21 to 27 of G.O.1006 Dev. dated 6-7-27, and it was suggested there that of the four foresters applied for by the C.C., three may be sanctioned on the permanent scale and one temporarily for two years. The remarks of the present C.C. (Mr.Richmond) were then invited on these proposals and he observed that though there was a good case for an increase in the number of foresters in the division, yet there was no need for four foresters. He accordingly suggested that three foresters may be sanctioned on a permanent basis, two with immediate effect and the other on the event of the exploitation of Aletti forests being taken up. In regard to the exploitation of the Aletti forests he xxxx then said that proposals would be submitted as a Part II Scheme for 1928-29.

pp 3-13 of (A)

para 9 on p 27 of (A)

pp 28-29 of (A)

para 3 on p 29 of (A)

3. It was however considered in this Dept. that the question of sanctioning a forester for Aletti might be considered along with the proposals

Reference

6

as a Part II Scheme for its exploitation. In regard the other two foresters recommended by the C.C., Finance suggested that they might be sanctioned on a temporary basis and that proposals for their permanent retention might be brought forward as a Part II scheme for 1928-29. In G.O.No.1006 Dev. dated 6-7-27, two foresters were accordingly sanctioned for the division temporarily till 31-3-28, and the C.C. was asked to submit proposals for their permanent retention as a Part II Scheme for 1928-29.

4. In his letter in the c.f. the C.C. now submits proposals for the permanent retention of the foresters as a Part II scheme for 1928-29., and applies for a third permanent foresters. He states that it has been decided (by him) to work the Aletti Reserve, proposals for which will be submitted as a Part II scheme for 1928-29, and that on this account three foresters are required for the division.

5. In this connection attention is invited to the G.Os. Nos.1613 Dev. dated 22-12-26 and 1345 Dev dated 29-8-27, regarding the exploitation of the Aletti forests. In the former G.O., proposals submitted by the C.C. in December 1926 for the exploitation of a block of 272 acres of forests in the Aletti reserves were turned down by Govt. for the reasons stated in the G.O. In August 1927 the C.C. however renewed the proposals and while stating that the scheme of exploitation will be essential in the interests of the saw mill at Parapoa and that it will be necessary to take it up, as a Part II scheme, applied for immediate sanction for an expenditure of Rs.5,000 for the construction

(B) 1344 24.8.47

of a road as a preliminary to the work... reserves. This was sanctioned by Govt. in G.O. (B). The Part II scheme, referred to by the C.C. for the exploitation of the Aletti forests has not yet been received and it is hard to surmise now whether it will be eventually sanctioned. It may be noted that the C.C. has already stated that the Aletti road would take two years to be completed and that the exploitation can begin only after the construction of the road is over. Consequently, though the scheme for the construction of road was sanctioned recently by Govt it is not certain whether the exploitation scheme itself will be sanctioned for the next year and the necessity for a permanent forester cannot therefore be at this juncture. Further it was already decided that the question of sanctioning an additional forester for the Aletti forests may be considered along with the proposals for its exploitation. In the circumstances it is submitted that a consideration of the proposal for an additional forester for Aletti may now be deferred till the scheme for its exploitation is actually sanctioned. For road construction work alone in Aletti, the C.C. will, if necessary, apply for a temporary forester.

para 4 at p 2 of (C)

p 29 of (A)

S. 2/10/47

3/10/47

6. If the above suggestion is accepted then the proposal will be only for two permanent forest for the division, who have already been sanctioned temporarily till 31-3-26. The proposals are examined below.

(A)

pp 3-4 c.f.

7. The C.C. submits a statement showing the existing and proposed number of foresters in

their work respectively. It is seen from this statement that in the Kasargod range, of the five items of work on each of which a forester is at present employed two are proposed to be abandoned, viz.

(i) sandalwood enumeration and extraction work,

and (ii) collection of grazing revenue, survey and tending of kumries.

Instead it is proposed to employ two foresters for an existing item of work, viz. timber and cultural operations at Parappa and one forester for the Aletti forests. If the suggestion made supra regarding the forester for Aletti is accepted, then there will be no necessity for a permanent forester for this purpose. Consequently there will be a surplus forester in this range.

8. The C.C. however proposes an additional forester for each of the three other ranges in the division. In Uppinangady range, the additional forester is for regeneration and fire protection work. The necessity for this forester has already been urged by para the D.F.O. South Mangalore in connection with the proposals for the additional foresters submitted by the C.C. in April 1927. Please see in this connection para 6 of the notes on page 25 of G.O. at (A). The necessity for an additional forester permanently/for this range may perhaps be accepted.

6/2/10/27 S. MA 31/10/27

9.-An additional forester is also proposed for the Beltangady range. The work being done by the existing foresters and the necessity for the additional forester are explained by the D.F.O. in para 8 C of his letter on pages 8-10 of G.O. 'A'. Please see also para 7 of the notes on pages 25-26 of G.O. ibid. In the circumstances the necessity for a permanent additional forester for this range may perhaps be accepted.

DEVELOPMENT DEPARTMENT.

NOTE FOR THE FINANCE COMMITTEE.

PART II SCHEME FOR 1928-29.

[SUBJECT.—*Establishments—Additional foresters—South Mangalore division—Two permanent posts.*]

Head of account.	Items of expenditure.	Ultimate cost per annum.	Cost during 1928-29.
		RS.	RS.
8. c. Forests—Establishments —i. District Establishments—Pay of establishments — Voted—Permanent.	Pay of two foresters, one in the IV grade on Rs. 35 per mensem and another in the V grade on Rs. 30 per mensem.	780	715

NOTE BY THE DEVELOPMENT DEPARTMENT.

In April 1927 the Chief Conservator applied for three extra foresters for South Mangalore division, to be sanctioned on a permanent basis, two of them with immediate effect and the third, in the event of the exploitation of the Aletti forests in that division, being taken up. In regard to this the Chief Conservator stated that proposals would be submitted as a Part II scheme for 1928-29. The Government have accordingly sanctioned two foresters temporarily till 31st March 1928 and directed that the proposals for the permanent retention of these foresters, if it is necessary, should be brought forward as a Part II scheme for 1928-29. In regard to the forester for the Aletti forests it was decided that the proposal should be considered along with the scheme for the exploitation of the reserve.

The Chief Conservator has accordingly submitted proposals for the permanent retention of the foresters sanctioned temporarily up to 31st March 1928. There are four ranges in the South Mangalore division. Of these Kasargode range has five foresters, Uppinangady range three foresters, Beltangady range one forester, and Puttur range three foresters. It is now found that one additional forester is required for the Uppinangady range for work connected with the regeneration of plantations which extend over 1,500 acres and for fire protection work. An additional forester is also required for the Beltangady range for the collection of grazing revenue from migratory cattle, for the patrol of reserve boundaries adjoining Mysore State and for general protection work. In the Puttur range also an additional forester is necessary for elephant capturing and cultural operations and for the collection of grazing revenues. These duties for which additional foresters are required are reported to be such as to require the services of the foresters permanently. Against the three additional foresters thus required one can, however, be found from the existing number of foresters in the Kasargode range as a result of the redistribution of work among foresters in that range. As a result only two additional foresters are required permanently for the division. The Chief Conservator proposes therefore to retain permanently the two foresters sanctioned already for the division temporarily till 31st March 1928. One of these foresters will be sanctioned in the IV grade and the other in the V grade. The proposal is strongly supported in this department.

I. GREEN—18-10-27.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be placed before the Finance Committee as a Part II scheme for 1928-29.

E. C. WOOD—21-10-27.
